

## Welcome to Members' Regulatory Day 2025

Global Perspectives: Navigating Health and Sustainability Regulatory Updates

We're looking forward to welcoming you to Leatherhead's Regulatory Day on October 9, hosted in Sagentia Regulatory's US office. If you haven't had the chance to visit us in Washington before or attend one of our previous member exclusive days, we do hope that you enjoy spending time with us.

We hope that the programme we've put together for today is informative and the networking sessions provide opportunities for you to meet with us and your industry peers. The programme has been designed to provide a global overview, covering the recently established and emerging regulations in the UK and EU and in various international markets. We'll also host three interactive sessions to explore Member States' views on EU regulations, trends in environmental claims, and current nutrition and health developments, in addition to an overview of MAHA, presented by a trio of experts from Leatherhead, Sagentia Regulatory and Sagentia Innovation.

Wireless internet is available in the conference area, and we will provide details on arrival. Feel free to share the event on LinkedIn throughout the day using **@leatherheadfood** and the hashtags **#leatherheadmembers** or **#leatherheadmembersday**

To help ensure a smooth journey, we recommend using Uber to ensure you can get to where you need.

We hope you enjoy the day and make the most of the opportunities to connect, learn, and explore. If you have any questions about the event or would like to learn more about how to maximise your membership and our services, please feel free to speak with any member of the Leatherhead team – we're here to help.

Yours sincerely

**Daryl Thomas**
